August 12, 2011

To whom it may concern:

Errol Schumann was employed by Raindance Landscaping, Inc from 3/2011-8/2011. He was hired as a Landscape Designer/Sales and Project Manager for our design/build landscape firm. He was responsible for meeting with potential clients regarding Sales, Design, and Estimating of Landscape Services. Responsibilities include landscape design, creating budgets and timelines for landscape projects, project management, as well as maintaining a good rapport with clients, vendors, and coworkers. Other responsibilities included creating, implementing, and maintaining sales/marketing strategies through web development, SEO, email newsletters, networking, tradeshow, and flyers.

Errol shows an enthusiasm to learn and excel. Several clients recorded great reviews of Errols' professionalism, expertise, and friendliness. He is very motivated and can work independently while still ensuring responsibilities are completed. Other assets include good organizational skills, a solid understanding of landscape design and construction, highly computer proficient, creative thinker, and attention to detail.

If you have any further questions with regard to his background or qualifications, please do not hesitate to call me.

Sincerely

Chris Porzuczek
President/Owner
